Culbertson Pipe Works Well.

Work on the immense pipe of the Culbertson Irrigation and Water Canal company was completed, last week, and on Friday its services were begun under satisfactory conditions and with satisfactory results. Prof. O. V. P. Stout of the University of Nebraska, acting in the capacity of consulting engineer, superintended the work. The pipe is a valuable addition to the irrigation equipment of the state and a much-needed improvement in the Culbertson system. It will take the place of a flume that was continually out of repair. It is forty-eight inches in diameter, 1,056 feet in length and at the highest point is eighty feet from the ground. The canal, of which the pipe is a connecting link, begins at Palisade in Hitchcock county and extends in a southeasterly direction to Culbertson.—Lincoln cor. Bee.

Money Orders for \$300,000,000.

The forthcoming report of Superintendent Metcalf of the money order system will show that the money orders sold at postoffices throughout the country during the past fiscal year reach a total of \$300,000,000 in round numbers. This is an increase of almost \$40,000,000 over the previous year.

A Great Success.

The benefit ball by the baseball association, last night, in the opera house, was a great success. There was a fine crowd present and all enjoyed a big time. The music was by the Pythian orchestra. The association cleared about \$80. Other balls will likely be given by the association during the winter.

Miss Scott

Miss Edna Dixon presided at the organ as accompanist.

Cause of Shortage.

Lincoln—like McCook—was afflicted with a water famine during the mid-summer drouth, and meters were required.

The leakage was soon discovered, as the following from the Lincoln Journal reports: "Water Commissioner Tyler said that the bills for the quarter comprising the months of July, August and September, explained why the department was hard pressed during the drouth season. Some customers who have never paid more than \$5 water rent for a quarter will pay more than \$20 dollars for those three months. During the continued dry spell more water was used than ever before in a like period in the history of the city. Mr. Tyler says it is little wonder that the department was unable to maintain pressure during all this time. The supposed leaks in the service have all been found by the meter inspectors. It is in such times as this quarter that the man who uses water on schedule rates without a meter gets the department."

Fortnightly Elects Officers.

The Fortnight dancing club's official family for the season of 1901-2 is as follows: President, Frank Kendlen; vice-president, H. H. Tartsch; secretary-treasurer, F. S. Vahur. The officers, associated with W. B. Mills, C. L. Fahnestock and J. B. Fickes, compose the board of directors.

The rules of last season will be in force this season.

Non-resident gentlemen, who are vouched for by a member of the club, may be admitted on payment of one dollar an evening.

No resident of McCook can be admitted except on presentation of membership card.

Ladies not belonging to families of members will be admitted only under escort of gentlemen.

Railway Men's Club Resumes.

The meeting of the Railway Men's club, last evening, was of especial interest, being the first meeting of the club after the summer vacation. The talk of Ass't General Sup't G. W. Rhodes of Lincoln was most instructive and entertaining, being heightened by the fact that he but recently returned from Europe, where he has been making something of a study of the railroad problem. He reported finding some things of advantage to American roads as well as considerable that is inferior to American methods and practice. This was the principle feature of an altogether interesting session.

Republican Precinct Nominees.

Following are the nominees of the Republican precinct caucus, Monday night: Assessor—John E. Kelley.

Justices of the peace—Henry H. Berry and Joseph S. LeHeu.

Constables—Clarence B. Gray and William A. Brown.

Overseers—Road No. 10—Walter N. Rogers; Road No. 8—C. O. Hale.

The nominees are well qualified and experienced and they will receive the usual overwhelming Republican pluralities.

Mousel-Babbitt Wedding.

At the Palmer house in this city, Wednesday evening, October 10th, 1901, Robert Mousel and Pluma Babbitt, both of Cambridge, Nebraska, were united in marriage. Rev. William Hardcastle of Cambridge performed the ceremony in the presence of a small company of friends and relatives. The young couple will reside on the Mousel farm about six miles northwest of Cambridge.

Barber-Tourtelotte.

The union of James C. Barber of our city and Myra J. Tourtelotte of Lincoln was solemnized in that city on the 10th instant with charming particulars. The groom is storekeeper at this place and the bride is well known in university circles. They are now on a wedding trip embracing Salt Lake City and other points west, and will be at home in McCook after November 15th.

Trenton-McCook Tomorrow.

At three o'clock tomorrow afternoon there will be a game of baseball at the park between the Trenton and McCook clubs. Trenton has a record of ten out of eleven games played this season. Admission, 10 and 15 cents.

The Public School System.

WASHINGTON, Oct. 16.—About 21 per cent of the total population of the United States attend public schools and 2 per cent of the rest attend private schools according to the annual report of the commissioner of education. The grand total in all schools, elementary, secondary and higher, public and private, for the year ended June 1, 1900, was 17,020,710 pupils, an increase of 382,348 over the previous year. Of the number the enrollment in public institutions supported by general and local taxes was 15,443,462. Counting in special institutions, such as evening schools, Indian schools, schools connected with asylums, reform schools and other institutions more or less educational in their character increases the total number by half a million.

The statistics, as interpreted by the commissioner, shows a uniform consensus of public opinion throughout the nation in favor of providing secondary education at public cost.

Public high school have increased from 2,526 in 1890 to 6,005 in 1900.

Painfully Injured.

C. F. Pade was accidentally kicked by a horse, in play, last Friday evening, and very painfully injured. He had driven home and was engaged in stabling his horse, when an animal in the stable kicked at the horse he was stabling.

Mr. Pade received the blow in the groin, however, and has since been confined to his home, thought not seriously injured.
